

„Circular economy – rational use of raw materials”

Račlawice, 2-3 July 2019

The International Scientific Conference

“Circular economy – rational use of raw materials” Račlawice, Poland – 2-3 July 2019

IGSMiE
PAN

We are honored to invite you to participate in the International Conference on the **Circular Economy – Rational Use of Raw Materials** to be held on 02-03 July 2019 at the Hotel Mercure Račlawice Dosłonce Conference & SPA.

This will already be the third meeting concerning the circular economy organized by MEERI PAS Department of Strategic Research (www.konferencja-pan.pl).

The conference is being carried out as part of the international project “International cooperation for the Rational Use of Raw Materials and Circular Economy” supported by the National Agency for Academic Exchange.

The aim of the conference is to exchange knowledge and experience as well as to present the results promoting the implementation of the circular economy in Europe within the scope of creating new ecological focused technological, organizational, and systemic solutions in the wider area of mineral resources management, as well as discussion and presentation of good practices. The proposed solutions, in accordance with the assumptions of the circular economy, should aim at keeping in the economy as long as possible the high value and quality of resources, materials, and products, minimizing the amount of generated waste, through its management as effective as possible. Rational management of resources in the light of the circular economy is present in many research areas, therefore the leading theme will be their rational use from primary and secondary sources, considering anticipated social and economic changes as well as innovative technological solutions.

Rational use of raw materials

- Plenary session – presentations of invited guests from Poland and abroad
- Rational use of raw material resources from primary and secondary sources
- The role of energy and raw materials in the development of the circular economy
- Raw materials from waste – case studies and good practices (legal and organizational)
- Ecological focus technological solutions for the rational use of materials and waste
- Ecological education

Circular economy – methods and good practices

- Models and indicators for monitoring the circular economy
- Innovations in the circular economy
- Tools supporting the circular economy
- Use of IT tools in the circular economy - role of platform, database
- Good practices in the circular economy implementation

Registration

The application form is available on the website: www.konferencja-pan.pl/registration/

Speakers

You are kindly asked to submit proposals for papers to be presented at the plenary or poster session - title and summary (approx. 200 words) in the Polish and English languages. Abstracts will be printed in the conference materials. During the conference, simultaneous interpretation will be provided – presentations may be delivered in either Polish or English.

Conference fees

The cost for participation in the whole conference is **1000 PLN**, which include participation in all sessions and courses, conference materials, conference dinner and social events, accommodation – 1 night in a double room at the Hotel Mercure Raclawice Dosłońce Conference & SPA, Dosłońce 56, or in a single room in a hotel nearby (transport from Cracow or between hotels will be organized).

Participation without overnight accommodation is **700 PLN**.

A fee should be paid up to 31.05.2019.

Participation in sessions (without presentation) and coffee breaks (not including conference materials, events, dinners, hotel) is **free of charge** – the registration is required and limited places are available.

Conference fees must be transferred to the following account: 35 1130 1150 0012 1266 6620 0019 (SWIFT: GOSKPLPW, IBAN: PL35 1130 1150 0012 1266 6620 0019), with the note: GOZ2019, First name Surname of the participant [e.g. GOZ 2019, John Smith, Jane Smith]

Important date

- Submission of abstracts (about 200 words, including title, aim, methods and results): **30.04.2019**
- Acceptance of papers: **15.05.2019**
- Deadline for submitting conference fees: **31.05.2019**
- Submission of the full text: **27.06.2019**

Papers will be printed in a post-conference publication: 'The circular economy – rational use of raw materials'. Selected papers may be recommended for publication in:

- Mineral Economics (Springer),
- Acta Innovations,
- Polityka Energetyczna,
- Inżynieria Mineralna,
- Rudy i Metale Nieżelazne,
- Czasopismo Techniczne KTT,
- and others.

Only presented papers will be reviewed and published.

Plenary (15 minutes) and poster (3 minutes, electronics, 2 PP slides) sessions are planned.
